

Ultrasonic RTFO Bottle Cleaner

CRT-OV-CLEAN

Cooper Technology's Ultrasonic RTFO Bottle Cleaner is capable of cleaning used RTFO bottles in just 15 minutes

Cooper Technology's Ultrasonic RTFO Bottle Cleaner is robust, reliable and delivers outstanding cleaning performance in a wide range of industries. The fabricated stainless steel tank provides longevity and durability whilst excellent ultrasonic activity is generated for effective and efficient cleaning within the tank. It is ideal for cleaning small and medium sized components.

Key Features

- Advanced Ultrasonic technology for effective and efficient cleaning
- Environmentally friendly, no need for harsh chemicals
- Digitally controlled to give you accurate and repeatable cleaning
- Fabricated Stainless steel tank for industrial usage and longer life
- Ideal for cleaning RTFO bottles

Accessories

Accessories are not included in the price of main device (unless stated otherwise) and may be purchased separately if required.

CRT-OV-ACS-BIT Bitumen Removal Ultrasonic Cleaning Detergent 25 litre

Specifications

Technical specifications are subject to change without notice.

Operating Voltage V	230
Ultrasonic Power W	450
Operating Frequency kHz	33 (Frequency Sweep System)
Ultrasonic Time Selection	From 0 to 60min
Temperature Selection °C	2 0° To 75°C
Heating W	1500
Construction	Stainless Steel 316L
Capacity (Litres)	28
Weight (approx.) Kg	20
Internal Dimensions mm (W x D x H)	500 x 300 x 200
